ABOUT ME

I'm Ajay Anandh , I'm currently pursuing my Bachelors degree in Computer Science Engineering at Hindustan College of Engineering and Technology. I'm a motivated and detail-oriented Computer Science Engineering student with a strong interest in software development, data analytics, and emerging technologies. Skilled in programming, problem-solving, and developing practical applications using modern tools and frameworks. I enjoy learning new technologies, working on real-world projects, and continuously improving my technical skills. Seeking opportunities to apply my knowledge, contribute to innovative projects, and grow as a software professional.

EDUCATION

2024- 2028

Hindustan College of Engineering and Technology

Bachelors of Engineering(CSE)

A Autonomous Institution located in Coimbatore, Ottakkalmandapam, Tamil Nadu 641032

2023-2024

K.Kamarajar.Mat.Hr.Sec. School

Grade 12th

Completeted my 12 th grade with 90% .

Technical Skills :

- Java
- Python
- C
- C++
- Html,CSS,Javascript

PROJECTS

- **Smar -Crop Advisory System**

  Developed a smart application that provides farmers with crop recommendations, weather-based advisory, government scheme information, and pest/disease prevention guidance. Designed the system with a focus on improving farming decisions and providing accessible agricultural information.

- **Child Safety application**

  Developed a child safety application designed to help parents/guardians monitor child safety and respond quickly to potential risks.Integrated safety-focused features such as emergency assistance, location monitoring, and alerts to improve child protection.

SKILLS

- Web Design Tools
- Web Accessibility
- Data Science
- UI/UX Design
- Front-End
- Version Control
- Data Analytics
- Typography

Languages

- English
- HIndi
- Tamil

CERTIFICATES

- Programming in Java in NPTEL with Elite+Gold
- Cloud Computing in NPTEL
- Python for Data science and Machine Learning in UniAthena
